METEOROLOGICAL  
AUTHORITY**

## Dust storm over north, central, and western parts of Sudan (19/04/2022)

**Urgency:** Expected

**Severity:** Moderate

**Certainty:** Likely

**Issued:**

Tue 19 Apr 2022  
9:49 AM

**Effective:**

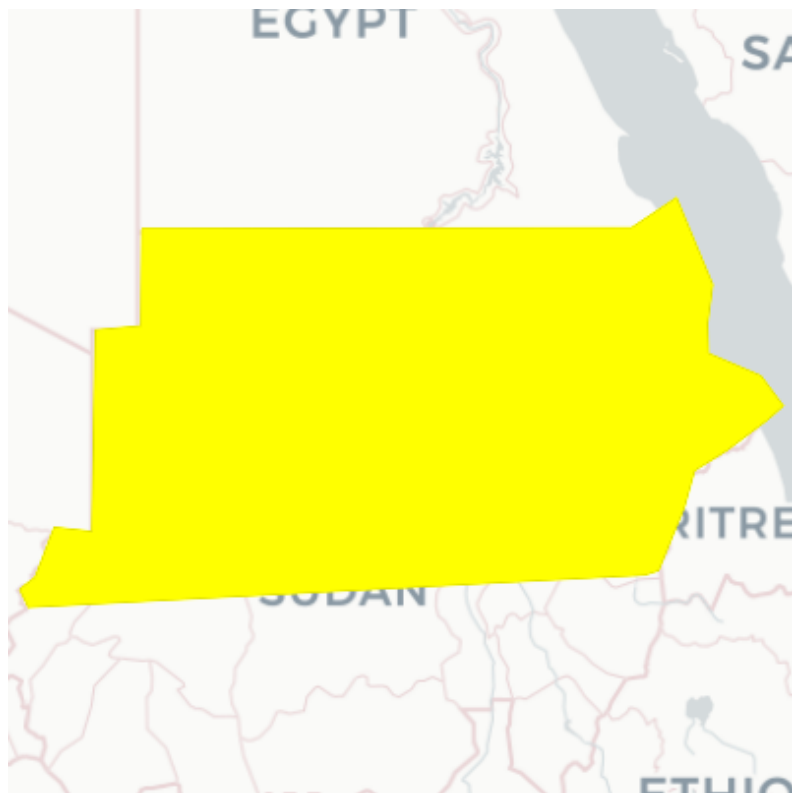

Tue 19 Apr 2022  
2 PM

**Onset:**

Tue 19 Apr 2022  
2 PM

**Expires:**

Thu 21 Apr 2022  
9 AM

**Area:**

North, central, and western parts of Sudan

**Description:**

Parts of the north, central, and west of the country will be affected by the activity of the northern and northwestern winds, which will stir up dust and dirt, leading to reduced horizontal visibility.

**Instruction:**

Drivers on high-speed roads should be cautious. People in exposed areas should take necessary precautions. Citizens are advised to consider and organize their outdoor activities according to the warning.
