Severe Weather Alert: Heavy Rainfall, Strong Winds, and Flooding Expected 2024/08/20

Urgency: Expected

Severity: Severe

Certainty: Likely

Issued:

Tue 20 Aug 2024
2:27 PM

Effective:

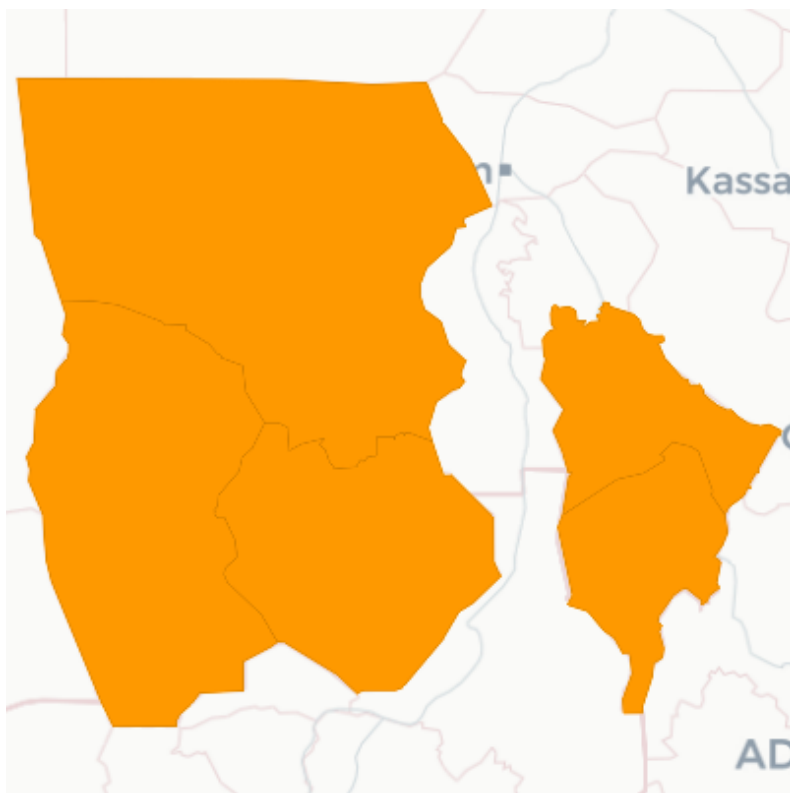

Tue 20 Aug 2024
4 PM

Onset:

Tue 20 Aug 2024
4 PM

Expires:

Wed 21 Aug 2024
12 PM

Area:

Sennar, Blue Nile, West Kurdufan, South Kurdufan, North Kurdufan

Description:

Heavy and very intense rainfall is expected, accompanied by strong winds and thunderstorm activity, in the southeastern part of North Kordofan State, South Kordofan State, West Kordofan State, Blue Nile State, and Sennar State. This may lead to flash floods and flooding of valleys and seasonal rivers in those areas.

Instruction:

Relevant authorities and local officials should take the highest level of precaution and preparedness. Residents in the affected states should exercise caution, avoid areas prone to flooding such as

valleys and seasonal rivers, and adjust outdoor activities according to the alert. Drivers on highways should proceed with caution.
