Urgency: Immediate

Severity: Extreme

Certainty: Likely

Issued:

Mon 26 Aug 2024
1:42 PM

Effective:

Mon 26 Aug 2024
3 PM

Onset:

Mon 26 Aug 2024
3 PM

Expires:

Tue 27 Aug 2024
10 AM

Area:

North Darfur, White Nile, Blue Nile, Khartoum, Al Jazirah, Al Qadarif, Kassala, Northern, River Nile, Red Sea

Description:

A severe weather system is expected to bring heavy rainfall, strong winds, and thunderstorms to the following regions: Red Sea, Nile River, Northern, Kassala, Gedaref, Khartoum Island, White Nile, Blue Nile, and northern North Darfur state. The Ethiopian Highlands and Eritrean highlands will also experience heavy rainfall, potentially leading to flooding in valleys, rivers, and streams, including Atbara and Qash rivers.

Instruction:

Weather Emergency: Take Necessary Precautions
